

"Our goal is to offer lodging that is comfortable, inspiring, and entirely restful...to us, this is the essence of a vacation"

*This being said, we also understand that for many today, rest comes with the ability to reach out and be reached when necessary*

*Cell Phone service varies on the property. Currently Verizon provides the strongest signal to our area followed by others. **TEXT MESSAGING WORKS BEST.** If you need full signal strength, you may travel approximately 1/4 mile from Whispering Oaks' gate, north on the Loop Road (until you see multiple cell towers up on mesa to your right).*

Whispering Oaks offers **LIMITED** wireless internet access in each cabin. **Satellite service with DATA LIMITS** however, is all that is offered in our area. We are hopeful unlimited data service will be available in the near future in addition to improved upload and download speeds.

*Due to the limitations in available speeds and data packages, media streaming, online gaming, large photo uploads, etc. aren't available.*

**Fees for data consumption over 350MB daily may be charged to the credit card on file. Additional data may be purchased at \$12.99 per GB—contact office at (435) 259-7666.**

#### TIPS TO REDUCE CONSUMPTION AND IMPROVE SPEED:

- Connect to WIFI only when needed and disconnect when done
- Close all applications not in use while connected to WIFI
- Turn off auto play video features on Facebook
- Adjust email setting to pre-approve or prevent data heavy image displays and auto attachment downloads
- Share this information with your guests
